ISSUE NO: 172 - APRIL 2019

A MESSAGE FROM THE PRESIDENT

April starts our transition to the summer season at Bermuda Greens but we still have plenty of activity under way to keep our campus the envy of the Greater Imperial Community including: the ongoing Comcast fiber install, completion of roof power washing, planning the next car port painting project, and the soon to be released ARC guidelines on Window replacement.

In addition our Bocce Group and Social Committee while having outstanding seasons are not resting on their laurels and are now doing their planning for next season. Check their sections in other parts of the Bugle.

Our Annual meeting on 18 March included the election of Mark Chambers and Bob Giese to the Bermuda Greens Board and we want to extend our congratulations to both of them as they start their two year terms. In addition the two Amendments to our Governing Documents that were recommended by the Board were also approved and filed with Collier County.

For those remaining in Bermuda Greens over the season enjoy the campus, for those traveling be safe.

Fred Demma, President

LANDSCAPE COMMITTEE

As season draws to a close another reminder. Please remove all annuals you have planted. Remove all pots and ornamental items placed in your garden area, courtyard, and steps. All plant material is to be placed in a paper bag, not plastic, and placed curbside on Friday to be picked up with the trash. Any pots or ornamental items left by seasonal residents will be thrown out, so please bring them inside. This is to prevent them flying about and causing damage should we experience a severe storm.

The three ornamental trees planted on the island in front of the A building seem to be making a comeback from their initial planting. We are hopeful they will be fully recovered by the fall. We will continue to monitor them.

The rains we have had during our normally dry season have been most beneficial. All you have to do is look at the level of the lakes here in BG and compare them to last year. Nice to see them so full this time of the year.

Steve and I wish you all a safe and healthy summer. And for those folks traveling, safe travels, we look forward to seeing you all next season.

Happy gardening,

**Emi Lydem & Steve Smith,
Chairs Landscape Committee**

BOCCE

Wow! What a season. We ended up with great competitive play in the playoffs and championship. The league finished with String Rays in first followed by JEJE, Marvelous Kids and Swingers.

The banquet was well attended and all had a good time, thanks to Joe and Rose for arranging the caterer and food. Looking forward to next season, check the web site for details.
