

The purpose of the BG Ladies Club is to provide an outlet for the women of the Bermuda Greens Community to come together to enjoy social and charity activities, in small and larger groups.

All women residents at Bermuda Greens are welcome to join in for as many or as few activities as they wish. At the moment there are no dues for joining the fun. There are no regular meetings. During the season, November – April, we try to have 2 different activities per month. The activities range from Dining out, potlucks, bunco nights to tours, walks, programs. During the summer months (May – October) we become the Ladies Summer Book and Movie Club. One month we go to a movie and out for refreshments, then the following month we meet in our clubhouse to discuss a book we have all read.
