

Hello BG Family....

As we transition into the new season, our board has been actively engaged in preparations. Operations are resuming to full capacity, and the board is committed to ensuring everything is in place for a successful season.

We survived two hurricanes with minimal damage. Our upcoming social events for the season have been posted to the website and we encourage you to save the dates in your social calendar for the events you would like to attend.

The current Bocce court has been prepared for the new season and the fun bocce season is well under way. Additionally, our Long Term Planning Committee has been active in addressing items that were approved last season while also developing new initiatives and improvements slated for the summer of 2025.

We recognize that many residents will be traveling north for the holiday season, and we wish everyone safe travels and enjoyable times with family. For those of you who will be spending the holidays at Bermuda Greens, we hope you have a joyful holiday season surrounded by loved ones.

Please note that there will be no board meeting in December, allowing everyone to partake in the festivities. We look forward to reconvening in January to continue our efforts in enhancing our community.

Wishing you all happy holidays on behalf of your Board of Directors,

A handwritten signature in cursive script that reads "Lorrie".

Lorrie Beaumont, President
