

Front Gate Update from BG President, Guy Miata

News About the Gate from the Greater Imperial Board (GIB)

After so many delays, that were well beyond the control of the Greater Imperial Board, the front gate is expected to return to operation on May 31st. It's been a long process and there are several steps to complete. For the first 45-60 days we will have a "soft opening". That means that exceptions will be made to accommodate entrance.

The following items are of importance.

- The front gate to Imperial Golf Estates will begin operation on May 31.
- All current transponders should continue to work.
- Current online Checkpoint system for allowing guest and vendor entry will continue as before. New residents will receive information for app sign in and password at time of sticker/transponder purchase. Process for existing residents who do not have access will be announced shortly. You may also call into the Checkpoint system using the same previous number.
- New homeowners and lessees who do not have transponders and do not have access to the Checkpoint system may obtain a Guest Pass from the Gate House. We ask those who do not have access to use the Guest Lane. Have your license available and you will be given a Guest Pass that will be valid for 30-45 days which will allow you to show the Guest Pass rather than your license to gain entrance on each return trip. Please be polite to the Statewide staff as they have no control on the issuance of passes.
- The GIB is changing the management company. Beginning on June 5th passes will be available for purchase. Stickers are \$50 and transponders are \$100. CHECKS ONLY will be accepted.
 - To obtain a new pass you can visit the office of Compass Rose (the new GIB Property Management Company) starting on June 5th, Monday to Friday from 10am to 2pm. They are located at 9231 Brookwood Ct, Bonita Springs.
 - Please bring with you a drivers license, proof of residency or rental or lease agreement.
- Updates will be available on our website bermudagreensnaples.com or on the GIB website: greaterimperial.info
