Condominium Association

LANDSCAPE INQUIRY REQUESTS

Residents of Bermuda Greens,

Just as a reminder...should you have a landscaping request or inquiry, please use the following process to bring it to the attention of our Landscape Committee for review and response.

1. Go to the Bermuda Greens Condo Association website (bermudagreensnaples.com).
2. Click on "Community Management."
3. At the bottom center click on "Send a Message to the Community Manager," (Claire Marie England).
4. At the dropdown select "Landscape Inquiry."
5. Provide the requested information and Submit.

Page seven of our Bermuda Greens Rules and Regulations, which is also on our website (click on Governing Documents then Rules and Regulations – 2024), contains relevant and pertinent landscape information in the "Gardening Areas" section that you may find of interest.

As we head into what we hope will be a warm and sunny February, watch for our beautiful bougainvillea's, the signature bush/small tree of our community, burst into full bloom! Just one the many things that makes Bermuda Greens such a wonderful place to live!

Thank you,
The Landscape Committee
